You are summons to a meeting of
Appleton Le Moors Parish Council
on Thursday 2nd Sept 2021 at 6:00pm in the Village Hall

21.34 Village pond - Jim External group interested in putting together a funded and managed plan to restore the pond for ecological reasons (turtle doves). Jim to contact GW, Parks and put some information out to the village. PC agreed to support this in principle but need more details.

21.35 Lighting near church A request for improved lighting at the north end of the village to aid people leaving the church. It was decided that trying to get an extra street lamp would be costly and problematic, many people support the dark skies status of the Park.

A compromise suggestion was if the Church could get permission to mount some lighting near it's gate the PC would fund a reasonable cost of installation.

21.36 Date and matters for next meeting Date to be confirmed for Feb 2022.

No other matters raised
